**torino Xtra**

# torino Xtra

Trakka is a multi-award winning manufacturer of the best of the best campervans and motorhomes, built by skilled craftsmen for Australian travel since 1973. The TRAKKA Team are passionate and proud of our first-class range and our leading place in the industry.

The Torino Xtra has been expertly designed to include all the quality features of a much larger motorhome – yet it's a compact and functional motorcamper unrivaled in the industry, as evidenced by Trakka Torino Xtra being awarded “Campervan of the Year 2009” by the NRMA Caravan and RV magazine.

**Gourmet Galley** Trakka designers have cleverly planned to include all mod-cons for the convenience of a keen chef. Positioned centrally, a stylish curved cabinet houses the stainless steel stove and sink, an inbuilt rubbish container and a carbon based water filtration system. Under the benchtop are easy-access Innotech drawers – no searching at the back of dark cupboards. Overhead is a range hood with handy roof locker storage and opposite, at a practical height, is the large fridge/freezer and a microwave oven.

**Precise Monitoring** With such sophisticated systems for power and water supply Trakka have developed a smart Electronic Control Panel to monitor the condition of batteries, watertank levels, air temperature, time and component switching. Included in the electrical system are plenty of low-draw LED dimmable lights, an HD Digital TV/DVD with antenna and a neat 240 power lead locker.

**Water Works** Trakka fit larger freshwater and grey watertanks so you don't need to fill and empty as often and these are skillfully positioned for best weight distribution. There is a stainless steel hot watertank, mains connection and in addition to the internal shower there is a hot/cold shower for rinsing off outside.

**Clever Switch Mode Bathroom** The SMB (patent pending) is an innovative bathroom module that switches from a toilet to a full-sized shower at the press of a button, as the toilet slides neatly under the vanity and remains dry. This amazing ensuite comes complete with a screened window and roof vent, shower grate, shaving cabinet and mirrors.

**Relaxing Front Lounge** Behind the front cab seats are two additional ADR approved traveling seats that create the comfortable lounge/dining area when the cab seats are rotated – the Torino Xtra has been so skillfully designed you can sit uninterrupted on the lounge while others use the kitchen, the bathroom or the bedroom. Slot in the clever multi-position table and there's room for friends to join you for dinner.

Ergonomically designed kitchen with alternative REMOTE diesel stove

NIGHT

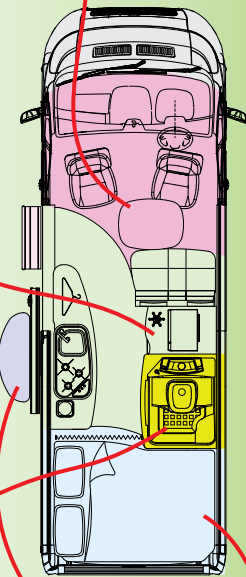

Relaxing front lounge and dining

Large fridge and microwave oven

SMB motorized toilet slides away

Handy outside table

Roomy rear double bed

DAY

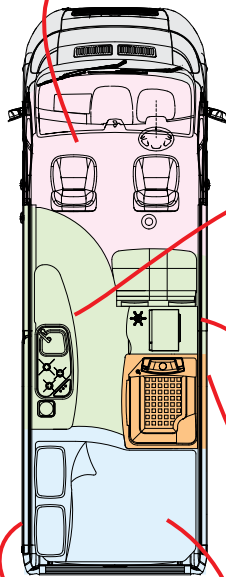

Well designed living area

Plenty of kitchen storage

Simple electronic monitoring

Tidy 240V lead locker

Handy external shower

Motorized bed raises to stow even bigger cargo

**Impressive Performance** Being voted “the best Motorhome Base” in Europe the Fiat Ducato fits the bill as a safe, driver-friendly foundation to build the Torino Xtra. With a powerful fuel efficient 3.0L multijet turbo diesel engine matched to a 6 speed COMFORT-MATIC transmission it's a genuine pleasure to drive.

**Remote Option** To simplify the fuel source and offer improved self-containment Trakka have developed an alternative package on Torino Xtra. REMOTE comes with a revolutionary diesel stove, diesel water heater and ducted diesel room heating. Along with an effective insulation package and a solar panel the REMOTE will let you stay away from it all for longer.

**Surpassing Your Expectations** We listen to the wants and needs of our valued owners to compile our standard inclusions. Benefits such as our superior HP laminated Euro-ply cabinetry, multiple double-glazed opening windows with inbuilt screens and blinds, big titanium side awning, outside light and boot lighting, ingenious front blind system, large motorized skylight, earth leakage protector, fire extinguisher and smoke detector all make that special Trakka difference.

**Fiat Features** For your safety and comfort the Fiat Ducato includes dual airbags, ABS, ESP, airconditioning, remote central locking, cruise control, power mirrors and windows, cab comfort seats with armrests and multi-function steering wheel for your traveling comfort. Trakka invites you to test drive the award winning Torino Xtra.
